## Welcome to "Robbie's" Captain Lori!

As a "Marine Core Brat" Captain Lori Poling has traveled to many places around the world. After

visiting numerous destinations, she found her home in the Florida Keys 8 years ago. Since her arrival, she has spent most of her time as snorkel

and dive boat captain and a scuba instructor throughout the beautiful reefs of Key Largo and the surrounding keys.

Please join us in welcoming Captain Lori to Robbie's as we were glad to see she's making everyone a "Happy Cat"!

## TARPON FISHING IS A BLAST!

Robbie's is best known for feeding the tarpon, but did you know that Islamorada hosts year round tarpon fishing. Let one of our experienced & polite captains take you and your family or friends out for a morning or evening tarpon

The boys from Georgia enjoyed one spectacular day on the ocean with Capt Brian Cone on the Contagious last Tuesday! Yes you counted those flags right ... 11 sailfish in one day!!

perienced & polite captains take you and your family or friends out for a morning or evening tarpon trip. We guarantee you a lifetime memory! You can also expect to catch black tip, hammerhead, nurse, bull, and/or tiger sharks during these excursions as well. The best tarpon fishing in Islamorada occurs now thru mid-August. These charters are extremely popular. Advance reservations are suggested.

## Welcome Back Captain Everson!

Captain Jeff Everson was born and raised in Miami, Florida. He was introduced to the sport of fishing through his father, Captain Walter Everson. His early exposure turned into a life-long passion for the sport.

Throughout the last 12 years Captain Everson has been a professional fishing captain exclusively in the Florida Keys. He possesses an intimate knowledge of the reefs, local game fish and the "art" of catching fish. Most importantly, he has a unique and special love for teaching his life-long passion to others.

A day with Captain Everson on the Islamorada Lady II will be a day you will remember for the rest of your life.
